BOSPHORUS BLOODLINE

Istanbul, Türkiye · 14.06.2026

Bosphorus Bloodline brings together the weigh-in, the fights and the moments shared after the bell. The archive follows several bouts from different angles: the walk to the ring, exchanges under the lights and conversations in the corner.

Discover Tarik Haddir, Tarkan Kanyar and Killian "Grimm" Devarieux through photographs and official fight films from Bosphorus Bloodline. The films continue the story captured in the photographs, close to the action in the ring. The other fighters and the full gala archives remain available below.

For partners, these photographs show the real environments of a Tunal event: fightwear, ring branding and interviews. Future placements and rights are agreed individually; this archive records a past production.
