A boxer and Head of Media at Tunal Group, Ilyes Bendella combines his own journey in the ring with telling the stories of the fighters and the team.

01 Tunal Group · boxer and media lead

02 Athlete storytelling · training, fights and behind the scenes

Ilyes has two roles at Tunal Group: boxer and Head of Media. His work within the team complements his own journey in the ring, helping audiences discover the people and the work behind the performances.

Portraits, training, fight nights and behind-the-scenes moments shape that approach. He also helped connect Killian 'Griim Reaper' Devarieux with Tunal Group, as Killian recounts in his own story.
